Professional Summary

Full Stack Web Developer with expertise in React, Next.js, Django, and Node.js, delivering scalable, high-performance applications. Skilled in AI integration to enhance user experience and business automation. Proven track record of building responsive frontends, robust backends, and deploying cloud-native solutions. Passionate about clean code, modern architectures, and innovative problem-solving.

Core Skills

- Frontend: React.js, Next.js, Redux, Tailwind CSS, TypeScript
- Backend: Django, Node.js, Express.js, REST APIs, GraphQL
- Databases: PostgreSQL, MongoDB, MySQL
- AI & Integration: OpenAI APIs, LangChain, Chatbot Development, Recommendation Systems
- DevOps & Tools: Docker, Git/GitHub, CI/CD, AWS, Vercel, Heroku
- Other: Agile/Scrum, TDD, WebSockets, Authentication & Security

Professional Experience

Web Full Stack Developer

Company : Sii Polska– Warsaw Poland | 05/2018 – 11/2023

- Developed and maintained web applications using React on front-end and Django for backend REST APIs
- Added server-side rendering capabilities with Next.js to improve SEO and performance for public-facing marketing pages
- Collaborated across teams (UI/UX, QA, DevOps) to deploy CI/CD pipelines and containerize services using Docker/Kubernetes

- Enhanced user experience with responsive UI/UX designs using Tailwind and Material UI.

Senior Full Stack | AI Engineer

Company : Comarch SA – Krakow Poland | 11/2023 – 09/2025

- Developed scalable web applications using React, Next.js, and Django.
- Integrated AI-powered features such as chatbots, recommendation engines, and NLP tools.
- Built REST and GraphQL APIs for seamless frontend-backend communication.
- Optimized application performance, reducing load times by 30%.
- Deployed and maintained applications on AWS and Vercel with CI/CD pipelines.

Projects

- AI-Powered E-commerce Assistant – Built an AI chatbot with OpenAI API + Django backend to assist customers with product recommendations.
- Real-time Collaboration App – Developed a React + Node.js app with WebSockets for multi-user document editing.
- Portfolio Website – Responsive personal website built with Node.js + Tailwind CSS, deployed on Vercel.

Education

Bachelor's in Computer Science

AGH University of Science and Technology, Krakow, Poland 2012-2016
